

# Special tools for tyre handling/ regrooving/buffing motors

## Regrooving

### TYRE CUTTER 300

- The TYRE CUTTER 300 (TC 300) is the successor of the proven RC 300 regroover
- For regrooving all tread patterns on commercial vehicle tyres
- 4-step temperature switch on main transformer for different cutting speeds
- Handle with separate transformer enables fatigue-free handling
- Thin connection cable for optimum movability of the handle
- Most advanced safety technology with all approval seals
- Cutting width with FIX regrooving blades 3 - 28 mm
